Since my appointment as Chairman, the Board of Directors has continued to modernise its operation. Its new configuration will allow us to further improve the quality of our work and be more agile in our decision-making. Isabelle Kocher and the Executive Committee can count on the support of the Board to support them in the implementation of the strategy we have built together."*

All resolutions, including those regarding the financial statements and income allocation for the 2018 financial year, were also approved.
